“...these clients came as new start ups and it's been brilliant to see them expand and thrive”

James Macdonald

“I am proud to be a part of the Company and Commercial team at Stone Rowe Brewer, a team of huge experience and complementary skills and knowledge.

Our team ethos is simple, we want to provide results-oriented and cost-effective services for all the businesses we deal with and straightforward, expert legal guidance for the employed.

*I first qualified in 2001 and have specialised in the Company and Commercial sector ever since, including 4 years in Brazil. I still love the different challenge thrown up by the business world, whether it is **getting a deal over the line** or advising a start-up on a brand new franchising opportunity”.*

Elizabeth Cobb

*“Many of my commercial clients are long-standing which I believe is a testament to the level of service provided. Some of **these clients came as new start ups and it's been brilliant to see them expand and thrive**. This allows me to have a greater insight into them, and their businesses, being able to tailor my advice and instructions upon which my clients can make informed decisions. This is the essence of the SRB team and we work very hard to maintain it across all disciplines”.*

Iain Leslie

*“I lead our experienced and skilled Commercial Property team at SRB and we take great pride in understanding our client's hopes and concerns and delivering the right outcome for them. Whether it be a first-time lease or a complex multi-property purchase, there is still no better feeling in the job than concluding the deal and **allowing our client to benefit from their property**”.*

Deepak Shergill

*“Having had over 20 years' experience in the local area, and in the residential and commercial development sector including real estate finance, I am **part of a strong Commercial Property Team** that offers real benefit to our clients”.*
